PROGRAMS, FACILITIES AND FACULTY

STVT-AAI Education Inc. offers a variety of programs at its locations by qualified faculty members. Refer to the campus website and catalog for detailed information.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act (FERPA) sets limits on the disclosure of personally identifiable information from school records and defines the rights of the student to review the records and request a change to the records. Refer to the campus catalog for more details.

AMERICANS WITH DISABILITIES ACT POLICY

The campus does not discriminate in admission or access to our programs on the basis of age, race, color, sex, disability, sexual orientation or national origin. If the student would like to request academic adjustment or auxiliary aids, contact the School's Executive Director. The student may request academic adjustments or auxiliary aids at any time. The School's Executive Director, working with Human Resources and Compliance departments, is responsible for coordinating compliance with Section 504 of the Rehabilitation Act of 1973 and Title III of the Americans with Disabilities Act of 1990. Refer to the campus catalog for more details.

COPYRIGHT & ACADEMIC INTEGRITY POLICY

Students should be aware that the unauthorized distribution of copyrighted material, including unauthorized peer-to-peer file sharing, is subject to civil and criminal liabilities. Penalties may include monetary damages, fines and imprisonment. The school prohibits use of its computers and computer networks for the unauthorized downloading and uploading of copyright-protected material, or for maintaining or storing unauthorized copyright-protected material. Disciplinary action, up to and including expulsion from the campus, will be taken against students who engage in unauthorized distribution of copyrighted materials using the school's information technology system. Refer to the campus catalog for more details.

COMPUTER USE & FILE SHARING POLICY

Students have a responsibility to use campus computer systems and networks in an ethical and lawful manner. Students found to have misused campus computer systems and networks may receive disciplinary action up to and including dismissal. The campus will not tolerate any abuse of computer systems and networks. Refer to the campus catalog for more details.

SAFEGUARD OF STUDENT INFORMATION

The school makes every attempt to protect against unauthorized access to or use of protected information that result in substantial harm or inconvenience to any customer. These safeguards include password protection, password changes at set intervals, access revocation for unsuccessful log-ins, and security tests.

VACCINATIONS POLICY

The campus does not require students provide proof of vaccinations as a condition of enrollment or

graduation. Externship or clinical sites may have additional vaccination requirements for students. Students are required to comply with any additional vaccination requirements of these sites. If the student does not provide vaccination records for an externship or clinical site that requires proof, the campus will work with the student to find another site. The Education Department will review any additional criteria of an externship site.

TRANSFER CREDIT POLICY

STVT-AAI Education Inc. publishes its transfer credit policy in the campus catalog. Refer to the campus catalog for more details.

ARTICULATION AGREEMENTS

STVT-AAI Education Inc. does not have articulation agreements in place with any other schools, colleges or universities.

APPLYING FOR FINANCIAL AID

Students seeking or applying for financial assistance must meet with a member of the School's Financial Aid Office staff to complete the application process. During this process, the staff member will provide guidance to the student on how to access the Free Application for Federal Student Aid (FAFSA, www.fafsa.ed.gov) for completion by the student. The Financial Aid Office staff will provide the student with any other forms necessary to determine the student's eligibility and complete the application process. It is the student's responsibility to provide all required documents in order to verify eligibility and process the application in a timely manner. Refer to the campus catalog for more details.

Contact Information

Eligibility for financial assistance is determined by federal regulations and each student's individual circumstances. The School's Financial Aid Office personnel are trained in using a standard, federally approved methodology of needs analysis to determine each student's eligibility. Financial Aid personnel will meet with students individually to determine the student's eligibility for a financial aid package. Each campus maintains a dedicated financial aid office to assist its potential and current students. Refer to the campus catalog for more details.

Financial Aid Website

Additional financial aid information and resources are available on the campus Financial Aid website at <http://www.aai.edu/student-financial-aid> or <http://edgetechacademy.edu/student-financial-aid> or <http://www.stvt.edu/financial-assistance/>. The website provides a Net Price Calculator that provides estimated pricing information to prospective and current students and their families based on the student's individual circumstances. The site also contains a copy of our Annual Notice – Availability of Consumer Information. The campus provides a NOTICE directly to all potential students during the enrollment process.

The campus also provides an annual NOTICE directly to all enrolled students describing the availability of the consumer information. This notice contains a brief description of the various disclosures and how to obtain the full disclosures. Disclosures are available on the exact electronic website listed in the notice.

National Student Loan Data System (NSLDS)

If the campus enters into an agreement with a potential student, student, or parent of a student regarding a Title IV, HEA Loan the school the loan will be submitted to the National Student Loan Data System (NSLDS), and will be accessible by guaranty agencies, lenders, and schools determined to be authorized users of the data system.

Refer to the campus catalog for more details related to financial aid.

COST OF ATTENDANCE

Your federal Financial Aid eligibility is determined based upon a number of different factors, including the "cost of attendance" for your program of study. The Cost of Attendance (COA or student budget) includes both direct costs (like tuition, books, and supplies) and indirect costs (like housing and food costs, and the cost of getting back-and-forth to school). The federal COA is used primarily as a tool for computing eligibility for federal student aid. Your actual costs may vary depending on multiple factors (particularly the indirect costs). The costs used in the federal cost of attendance are for one academic year or the length of the entire program — whichever is less.

Direct Costs: Your direct costs include tuition, books, and supplies. These are billed to you by the school (less any payments you have made, estimated financial aid, or approved education loans).

Indirect Costs: Most of a student's indirect costs are living expenses. Students would likely have these expenses whether or not they were attending school. The school will NOT bill students for these costs, they are simply estimates to help students plan for living costs and other and out-of-pocket expenses while attending school.

The standardized Cost of Attendance budgets at the campus are calculated annually and can be obtained by contacting the Financial Aid Office. While most students will fall into one of the standardized budgets, your individual budget may be customized to meet your specific enrollment circumstances. Your individual COA budget will be provided to you in your award letter after completion of your financial aid application.

If you have any questions about program costs, direct costs, indirect costs, or how your financial aid is calculated; please visit the financial aid office.

NET PRICE CALCULATOR

In accordance with the Higher Education Opportunity Act of 2008 (HEOA) and the U.S. Department of Education, any school participating in Title IV federal student aid programs must provide a net price calculator on the school's website that provides estimated pricing information to current and prospective students and their families, based on the student's individual circumstances. Refer to the campus website <http://www.aai.edu/NetPriceCalculatorAAI/npcalc.htm> or <http://edgetechacademy.edu/NetPriceCalculatorAAI/npcalc.htm> or <http://www.stvt.edu/financial-assistance/> for more details.

TEXTBOOK INFORMATION

Textbooks are part of tuition costs. For further information about the textbook costs, please contact your Financial Aid department.

CONSTITUTION DAY

Typically held annually on or around September 17, Constitution Day is a campus-wide, collaborative event or program hosted by the campus. Each year, the planned activities often include a guest speaker, historically relevant activities, and a voter registration opportunity.

VOTER REGISTRATION

As part of the requirement for our institution to participate in the Federal Student Aid programs, we are required by federal law to provide each student with the state's voter registration form in paper, or by an electronic method. In order to register to vote, please visit <http://www.vote411.org> . Find and select your state to view eligibility requirements, registration deadlines and a link to visit your state election department web page and obtain your state's voter registration form.

Voter Registration information is also available at the front desk for your convenience if you would like to register to vote. This information is available during normal business hours.

IMPROVEMENTS TO ACADEMIC PROGRAMS

The campus is strives to improve and update programs to keep with up changes in industries in which it trains. As a result, we meet twice a year with advisory committees made up of employers and experts from the industry and surrounding community. These Committees review results of graduate and employer surveys, review current industry trends and give feedback and recommendations for updates to programs that the school considers for implementation. When planned changes or updates occur, they are published in an addendum that is distributed to students, and then included in the next printed version of the catalog.

NON-HARASSMENT POLICY

The campus will not permit, tolerate or condone harassment against any individual for any reason, including, but not limited to, harassment based on race color, religion, national origin, sex, (including pregnancy), age, disability, veteran status or any other status protected by applicable law. Comments, conduct, or innuendoes that might be perceived by others as offensive or harassing are wholly inappropriate and are to be strictly avoided. This policy applies to students, company employees, customers, vendors and visitors to the premises. The campus intends to provide a school environment that is pleasant, healthy, comfortable and free of intimidation, hostility or other offenses that might interfere with a student's educational performance.

Employees and students must avoid offensive or inappropriate behavior on campus or employment-related relationships and are responsible for ensuring that all student-employee, plus employment-related relationships remain professional and free from harassment at all times.

Harassment can include, but is not limited to, the following actions:

- Inappropriate Communication – involves any language that is offensive, unnecessarily loud or degrades or berates others, including, but not limited to, racial, religious, or sexual comments or jokes, sexual innuendoes, or threats of any kind, whether communicated verbally, in writing, or electronically.
- Physical Abuse – includes, but is not limited to, touching, hitting, kicking, or threatening another person, including restraining by force or blocking the path of another.

- Interference or Hostile Environment – includes any behavior or action that interferes with a student or employee’s ability to perform job duties and responsibilities, or participate in the education process, or which results in or creates a hostile or intimidating environment.
- Sexual Harassment – include, but is not limited to, unwelcome sexual advances, requests for sexual acts or favors, and other verbal or physical conduct of a sexual nature when:
 - Submission to such conduct is made, either explicitly or implicitly, a term or condition of an individual’s employment or continuation of education;
 - Submission to or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual; or
 - Such conduct is severe and pervasive and has the purpose or effect of unreasonably interfering with the individual’s work or school performance or creating an intimidating, hostile, or offensive work environment.
 - Retaliation – includes any adverse action or threat of adverse action taken or made because a student or employee has exercised or attempted to exercise any rights under applicable laws or under policies of the company. Retaliation includes, but is not limited to, threats, or withholding or withdrawal of pay, promotions, training, grades or employment opportunities.

It is important that students and employees clearly understand the serious effects of harassment. Such behavior may result in personal liability, as well as liability to the campus.

If an individual feels that he/she has been subjected to any type of degree of harassment, he/she must report the incident verbally or in writing to the Director of Education, immediate supervisor, department head, and any other member of management, the Chief Executive Officer or the Human Resources department. A complaint must include the specific nature of the incident and the date(s) and place(s) such alleged harassment took place, as well as the name(s) of any individual(s) known to be involved, but does not have to be in writing.

When the School’s management becomes aware that harassment might exist, it is obligated by law to take prompt and appropriate action, whether or not the victim wants the School to do so. Complaints of violations will be promptly and carefully investigated, including interviews with all relevant persons. Investigators will conduct an objective investigation with consideration given to each person’s desire for privacy; however, no student or employee is guaranteed complete confidentiality and/or anonymity during an investigation. Only individuals with a legitimate “need to know” will be given any information regarding the complaint(s).

Employees and students who utilize this procedure are assured that they will be free from any reprisal or retaliation for reporting such violations or cooperating in an investigation.

Any student found to have harassed a fellow student or School staff member would be subject to severe disciplinary action including possible expulsion from School. In addition, any staff member found to have harassed a student or other staff member would be subject to severe disciplinary action including possible discharge from employment. The School will take action necessary to appropriately remedy the situation. However, if an investigation of a complaint shows that the complaint or information was knowingly false, the individual who provided the false information will be subject to disciplinary action, up to and including dismissal from the School or, if a staff member up to and including termination from employment.

STUDENT DEMOGRAPHIC INFORMATION

Information related the diversity of the student body of the campus is published on the College Navigator Website <https://nces.ed.gov/collegenavigator/>

GRADUATION RATE – FIRST-TIME, FULL-TIME

Each year a school must determine the completion or graduation rate of its certificate- or degree-seeking, first-time, full-time undergraduate students and report it to the Department via the IPEDS website.

Information related the diversity of the student body of the campus is published on the College Navigator Website <https://nces.ed.gov/collegenavigator/>

GAINFUL EMPLOYMENT DISCLOSURES

A school must disclose certain information about each of its gainful employment programs. These Gainful Employment Disclosures are located on the Website at <http://www.aai.edu/consumer-info> or <http://edgetechacademy.edu/edgetech-disclosures> or <http://www.stvt.edu/stvt-disclosures>

GRADUATE EMPLOYMENT ASSISTANCE

The Career Services department helps connect graduates to the workforce by providing specific services that relate to preparing for and identifying employment opportunities.

This office provides the following services:

- Assistance in preparation of resumes and cover letters
- Job coaching services to improve or enhance interviewing (and other) job seeking skills
- Advice and information on job availability in specific areas of training
- Continuous, individualized employment assistance

Refer to the campus catalog for more details.

CAMPUS SECURITY

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act), originally known as the Campus Security Act, requires all schools that participate in federal financial aid programs to keep and disclose information about crime on and near their respective campuses. One of the primary purposes of The Annual Security Report is to inform students and employees of reportable crimes that occurred on the campus itself and the public property that is immediately adjacent to the campus for the three preceding calendar years. This report also serves as the School's program/tool to inform students and employees about the School's campus security procedures and practices, and

contains information about the Campus's alcohol/drug abuse and sex crime prevention programs. This report is updated and distributed on an annual basis to all students and employees and is placed on the website where it is available to prospective students and employees. A hard copy of the report will be provided upon request, please see the Campus Executive Director.

Campuses are not permitted to take retaliatory action against anyone with respect to the implementation of any provision of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act.

TIMELY WARNING/ EMERGENCY RESPONSE

STVT-AAI Education Inc. owned and operated campuses are required to maintain an Emergency Response and Evacuation Plan (EREP) that includes plans and instructions to be followed by campus administration, faculty, staff, students and guests in the event of emergencies and evacuations. Each campus has a group of designated campus staff members designed as Campus Security Authorities ("CSA's"), who are responsible for reporting and ensuring the evacuation of the campus in the case of an emergency. The EREP includes:

- 1) The process by which the campus will confirm that there is a significant emergency or dangerous situation involving an immediate threat to the health and safety of students or staff occurring on the campus.
 - a. Emergency information will be broadcasted through the campus emergency notification system (Regroup), allowing for both electronic and cellular communication to all students and employees.
- 2) A provision for immediate notification of the campus community upon confirmation of a significant emergency or dangerous situation.
 - a. Emergency response and evacuation procedures will be publicized using emergency notification system (Regroup) and physical notification by authorized personnel. This is designed to reach all STVT-AAI Education Inc. students and staff.
- 3) Procedures for disseminating emergency information to the larger community.
- 4) Procedures for disseminating updated emergency information, which explain how this information will be communicated to the campus and relevant members of the community on a regular basis.
- 5) Procedures for testing and publishing the plan on an annual basis.
- 6) A list of CSA's (titles) responsible for carrying out this process.

The campus will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the Regroup notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate an emergency.

EVACUATION PLAN STANDARD OPERATING PROCEDURE

STVT-AAI Education Inc. owned and operated campuses are required to maintain an Emergency Response and Evacuation Plan (EREP) that includes plans and instructions to be followed by campus administration, faculty, staff, students and guests in the event of emergencies and evacuations. Each campus has a group of designated campus staff members designed as Campus Security Authorities ("CSA's"), who are responsible for reporting and ensuring the evacuation of the campus in the case of an emergency.

The campus tests its alarm systems at least once a year. The campus conducts at least one emergency response evacuation test per year. The campus posts the evaluation and emergency response instructions throughout the school. Individuals seeking information about the plan, report an emergency or

report a crime may do so with individuals listed below:

1. Campus Executive Director
2. Director of Education
3. Director of Financial Aid

SECURITY & ACCESS TO FACILITIES

- Each campus limits access to campus facilities to authorized personnel who are identified by name badges, students are identified by their program uniforms, and visitors must sign in and be escorted by an employee.
- Unauthorized persons will be considered “trespassers” and will be dealt with accordingly.
- Adequate lighting is provided at campus parking lots with lighting off the buildings and pole lighting. Buildings are locked during none operating hours..
- Persons employed as security personnel at each campus represent the campus and are instructed to enforce campus security policies.
- Security personnel are defined as campus officials or on site campus security (where applicable). Students and employees should report criminal offenses, or suspected offenses to campus officials or campus security.
- The security personnel do not have powers of arrests, unless such personnel possess valid certification as a law enforcement officer, peace officer, or are authorized to act in such a capacity by way of official authority granted by a court of state regulatory agency.
- Such persons have the authority to evict unauthorized persons from the campus premises and will notify local authorities of all actual or suspected criminal activities, including trespassing.
- The school does not have on-campus housing.
- The campus does not have a written agreement with local law enforcement agencies. However, the campus maintains its relationship with local police through campus in-services and collection of annual statistical in- services. In addition, the campus works with local law enforcements as necessary to report or investigate crimes.

SECURITY AWARENESS & CRIME PREVENTION

- New campus employees and students are instructed on crime awareness during orientation, including the description of campus security measures and procedures for reporting any criminal activity or emergency.
- Students are required to follow campus security guidelines for their own personal and property safety, and are encouraged to report any suspicious activity.
- Prospective/current students and employees are provided with a notification on acquiring the complete policies and procedures package from the campus via the campus website or at the residential campus location. This information on crime awareness is readily available upon request, and will be updated and re-distributed to existing students and staff on an annual basis.
- The campus conducts in-service programs designed to heighten awareness of crime and its prevention. These in-service programs are conducted by local law enforcement or qualified officials twice a year. Once a year the campus has an awareness training or event for students.

CRIME PREVENTION

Often people contribute to crimes of opportunity by needlessly placing themselves or their property at risk. Prevention efforts can be effective in reducing the opportunities for criminal activity. The following list is a compilation of tips devoted to crime prevention:

- Do not prop open campus doors.
- Do not leave personal property unattended.
- Report suspicious individuals to security.
- Keep your room locked at all times.
- At night, always walk in groups of at least two.
- Stay on main walkways.
- Remove valuables from your car and lock it.
- Engrave your valuables.
- Attend school-sponsored programs led by law enforcement officials.
- Always carry your picture ID.
- Be aware of your surroundings and what is going on around you.

If you assume responsibility for your own safety first and encourage others to do the same, the opportunities for crime are drastically reduced.

CRIME LOG

The campus maintains a Crime Log that records, by the date the crime was reported, any crime that occurred on campus, on a non-campus building or property, on public property, or within the reporting jurisdiction of the campus.

The log includes:

- Date of entry
- Incident report date
- Date/time of the crime
- Nature/type of the crime/complaint
- General location of crime
- Disposition of complaint, if known

A campus may withhold information required above if there is clear and convincing evidence that the release of the information would:

- Jeopardize an ongoing criminal investigation or the safety of an individual;
- Cause a suspect to flee or evade detection; or
- Result in the destruction of evidence.

The campus must make an entry or an addition to an entry to the log within two business days of the report of the information to the campus authority, unless that disclosure is prohibited by law or would jeopardize the confidentiality of the victim.

The campus must make the crime log for the most recent 60-day period open to public inspection during normal business hours. The campus must make any portion of the log older than 60 days available within two business days of a request for inspection.

REPORTING CRIMES

1. STVT-AAI Education values accurate and prompt reporting of criminal acts to the Campus Executive Director at the campus, a member of the Campus Management staff, designated campus security (if applicable) or local police departments.
2. Reporting crimes is on a voluntary, confidential basis.
3. The campus does not have a formal policy on reporting crimes.
4. Campus Management staff or campus security (if applicable) must immediately notify the Campus Executive Director of any instances reported.
5. The Campus Executive Director is responsible to document any criminal acts, as well as reporting crimes to the local authorities as required by law.
6. The campus is required to make timely warnings to members of the campus community regarding the occurrence of crimes, those that are reported to campus security, and those considered by the institution to represent a threat to students and employees. The campus community includes all campus buildings and grounds and all adjacent public property. The campus does not have non-campus student organizations.
7. Timely warnings to the campus community will be issued via text and e-mail using the Regroup system as well as posted on any notice boards within the campus.
8. If there is an ongoing investigation of a crime that occurred in, at, or on any of the locations listed above that would be jeopardized, cause the suspect to flee, risk the safety of an individual, or result in the destruction of evidence, the campus may delay the timely warning until any adverse effect is no longer likely to occur.
9. The statistics are collected centrally for each campus and reported to the Regulatory team on a monthly basis. The Regulatory Team will report the information annually to the US Department of Education.
10. Should also include the institution's response after a crime is reported (ex. disciplinary hearing).

CRIME STATISTICS

The federal law requires that schools disclose statistics on specific crimes/offenses that occur on-campus, on non-campus property, or on public property adjacent to or accessible from the campus. For the purposes of the Clery Act, any building that is owned or controlled by the institution, or is located on property that is owned or controlled by the institution, and is within the reasonably contiguous geographic area that makes up the campus is considered an on-campus student facility even if the building itself is owned or controlled by a third party, as classified by the FBI Uniform Crime Report.

Campus specific statistics are provided in Appendix A and may be obtained by students and/or employees (current and prospective) via the campus website or at the residential campus location.

DEFINITIONS FOR CRIMES

The definitions provided below areas defined by the FBI Uniform Crime Report.

1. HOMICIDE: The willful (non-negligent) killing of one human being by another or the killing of another person through gross negligence. In general, (1) any death caused by injuries received in a fight, argument, quarrel, assault, or commission of a crime is considered Murder and Non-negligent Manslaughter and (2) any death caused by the gross negligence of another is considered Criminal Homicide-Manslaughter by Negligence.

2. SEXUAL ASSAULT: Any sexual act directed against another person, forcibly and/or against the person's will; not forcibly or against the person's will when the victim is incapable of giving consent.

Forcible Rape – Rape by Force is defined as the carnal knowledge of a female forcibly and against her will. "Against her will" includes instances in which the victim is incapable of giving consent because of her

temporary or permanent mental or physical incapacity (or because of her youth).

Forcible Rape – Attempts to Commit Forcible Rape is defined as assaults or attempts to forcibly rape.

Non-Forcible Rape – Incidents of unlawful, non-forcible sexual intercourse classified as (1) Incest is non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law and (2) Statutory Rape is non-forcible sexual intercourse with a person who is under the statutory age of consent according to state statutes.

Note: By definition, sexual attacks on males are excluded from the rape category and must be classified as assaults or other sex offenses depending on the nature of the crime and the extent of injury.

3. SIMPLE ASSAULT (Hate Related Bias Crime): An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness.

Included are offenses such as minor assault, hazing, assault and battery, and injury caused by culpable negligence. As with Aggravated Assault, there are no attempted Simple Assaults.

Simple, Not Aggravated includes all assaults which do not involve the use of a firearm, knife, cutting instrument, or other dangerous weapon and in which the victim did not sustain serious or aggravated injuries Agencies must classify as simple assault such offenses as assault and battery, injury caused by culpable negligence, intimidation, coercion, and all attempts to commit these offenses. In addition, Reporting Agencies must classify the offense as simple assault if the injuries are not serious (abrasions, minor lacerations, or contusions) and require no more than usual first-aid treatment. Under certain circumstances, offenses of disorderly conduct, domestic violence, or affray must be classified as simple assault.

4. AGGRAVATED ASSAULT: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm.

Examples include:

- Firearm includes all assaults in which a firearm of any type is used or is threatened to be used. (Examples: revolvers, automatic pistols, shotguns, rifles, etc.).
- Knife or Cutting Instrument includes assaults wherein weapons are used as cutting or stabbing objects or their use is threatened. (Examples: knives, razors, hatchets, scissors, etc.).
- Other Dangerous Weapon includes assaults resulting from the use or threatened use of any object as a weapon in which serious injury does or could result. (Examples: Mace, pepper spray, clubs, bricks, etc.). Attacks by explosives, acid, lye, poison, scalding, burnings, etc. are also included in this category.
- Hands, Fists, Feet, Etc. – Aggravated Injury includes only the attacks using personal weapons such as hands, arms, feet, fists, and teeth that result in serious or aggravated injury. Reporting agencies must consider the seriousness of the injury as the primary factor in establishing whether the assault is aggravated or simple. They must classify the assault as aggravated if the person injury is serious, for example, there are broken bones, internal injuries, or stitches required.

Often the weapon used or the extent of the injury sustained will be the deciding factor in distinguishing aggravated from simple assault. To classify an assault, consider the following:

1. The type of weapon employed or the use of an object as a weapon
2. The seriousness of the injury
3. The intent of the assailant to cause serious injury

5. ROBBERY: Taking or attempting to take anything of value from the care, custody or control of

a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Examples include:

- Firearm includes robberies in which any firearm is used as a weapon or employed as a means of force to threaten the victim or put the victim in fear.
- Knife or Cutting Instrument includes robberies in which a knife, broken bottle, razor, ice pick, or other cutting or stabbing instrument is employed as a weapon or as a means of force to threaten the victim or put the victim in fear.
- Other Dangerous Weapon includes robberies in which a club, acid, explosive, brass knuckles, Mace, pepper spray, or other dangerous weapon is employed or its use is threatened.
- Strong-arm – Hands, Fists, Feet, Etc includes muggings and similar offenses in which only personal weapons such as hands, arms, feet, fists, and teeth are employed or their use is threatened to deprive the victim of possessions.

6. LARCENY/THEFT (Hate Related Bias Crime): The unlawful taking, carrying, leading, or riding away of property from the possession, or constructive possession (where one does not have physical custody or possession, but is in a position to exercise control over a thing), of another person.

Larceny and theft mean the same thing in the UCR Program. Motor vehicle theft is not included and is counted separately because of the great volume of such thefts. Agencies must report local offense classifications such as grand theft, petty larceny, felony larceny, or misdemeanor larceny as larceny-theft.

Examples include:

- Pocket-picking –This includes wallets, purses, pockets, etc. If the victim is manhandled or if force beyond simple jostling is used to overcome the resistance of the victim, the offense becomes a strong-arm robbery and must be so classified.
- Purse-snatching – This includes purses, handbags, etc. If more force is used than actually necessary to snatch the purse from the owner, or if the victim resists the theft in any way, then the offense is classified as a strong-arm robbery.
- Shoplifting
- Theft from motor vehicles whether locked or unlocked (Except theft of motor vehicle parts and accessories)
*If a theft from a motor vehicle occurs in conjunction with a motor vehicle theft, reporting agencies must classify the incident as a motor vehicle theft.
- Theft of motor vehicle parts and accessories (attached to vehicle)
- Theft of bicycles
- Theft from buildings Theft from Coin-Operated Machine or Device
- All other larceny-theft not specifically classified – All thefts, which do not fit the definition of the specific categories of larceny listed above. This includes theft of furniture, tools, etc.

7. BURGLARY: The unlawful entry (breaking or entering) with intent to commit a felony or theft, breaking and entering with intent to commit a larceny, house-breaking, safecracking, and all attempts at these offenses as burglary.

The definition of a structure includes, but is not limited to, any residence, business, campus or classroom, other buildings, public buildings, etc.

An incident must meet three conditions to be classified as a Burglary:

- 1) There must be evidence of unlawful entry (trespass). Both Forcible Entry and Unlawful Entry – No Force are counted.

- 2) The Unlawful Entry must occur within a structure, which is defined as having four walls, a roof, and a door.
- 3) The Unlawful Entry into a structure must show evidence that the entry was made in order to commit a felony or theft. If the intent was not to commit a felony or theft, or if the intent cannot be determined, the proper classification is Larceny.

Examples include:

- Forcible Entry is any offense where force of any kind is used to unlawfully enter a structure for committing a theft or felony. (Examples: Using tools, breaking windows, master keys, or picks to gain entry). Agencies must also include this category burglary by concealment inside a building followed by exiting the structure.
- Unlawful Entry – No Force is considered when the entry of a structure is achieved by use of an unlocked door or window. The element of trespass to the structure is essential in this category, which includes thefts from open garages, open warehouses, open or unlocked dwellings, and open or unlocked common basement areas in apartment houses where entry is achieved by other than the tenant who has lawful access.
- Attempted Forcible Entry includes those situations where a forcible entry burglary is attempted but not completed. Once the thief is inside a locked structure, the offense becomes a Burglary – Forcible Entry. Agencies must classify attempts to enter an unlocked structure as well as actual trespass to an unlocked structure as Burglary – Unlawful Entry – No Force. Only situations in which a thief has attempted to break into a locked structure are classified as Burglary – Attempted Forcible Entry.

Note: If a forcible or unlawful entry of a building is made to steal a motor vehicle, the reporting agency must count the offense and the value of the vehicle under burglary, not motor vehicle theft.

8. VANDALISM (Hate Related Bias Crime): To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

This offense covers a wide range of malicious behavior directed at property, such as cutting auto tires, drawing obscene pictures on public restroom walls, smashing windows, destroying campus records, tipping over gravestones, and defacing library books. Reporting agencies must include attempts to commit any of the above.

9. MOTOR VEHICLE THEFT: Motor Vehicle Theft includes the theft or attempted theft of a motor vehicle, which the UCR Program defines as a self-propelled vehicle that runs on land surface and not on rails; for example, sport utility vehicles, automobiles, trucks, buses, motorcycles, motor scooters, all-terrain vehicles, and snowmobiles are classified as motor vehicles. Joyriding should be included as Motor Vehicle Theft.

Note: If a motor vehicle is stolen in conjunction with another offense, each offense must be classified accordingly.

Examples include:

- Trucks and Buses include the theft of those vehicles specifically designed (but not necessarily used) to commercially transport people and cargo. Pickup trucks and cargo vans, regardless of their use, are included in this category. The UCR Program considers a self-propelled motor home to be a truck. Other Vehicles includes all other motor vehicles that meet the UCR definition such as snowmobiles, motorcycles, motor scooters, trail bikes, mopeds, golf carts, all-terrain vehicles, and motorized wheelchairs. Obviously, not all situations can be covered, so the classifier's decision must be based on UCR standards and the results of law enforcement investigation.

10. INTIMIDATION (Hate Related Bias Crime): To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Intimidation involves an offender making some type of threat to the victim without actually using or displaying a weapon. Such threats can be made in person, over the telephone, or in writing.

11. ARSON: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property or another, etc.

Include as arson only structural fires determined through investigation to have been willfully or maliciously set. Attempts to burn are included in this offense, but fires of suspicious or unknown origins are not.

Note: If arson is recorded, the campus is responsible for updating the Fire Safety Report to include arson or any other types of fire.

Examples include:

- Structural includes single occupancy residential (houses, townhouses, etc.), other residential (apartments, tenements, hotels, etc), storage (barns, garages, etc.), industrial/manufacturing, other commercial (stores, restaurants, offices, etc.), community/public (churches, jails, campuses, schools, etc.), all other structure (out buildings, monuments, buildings under construction, etc.). Structures are further divided into two subcategories: residential and nonresidential.
- Mobile includes motor vehicles (automobiles, trucks, buses, motorcycles, etc.) and other mobile property (trailers, recreational vehicles, airplanes, boats, etc.).
- Other subcategory encompasses arson of all property not classified as structural or mobile. Willful or malicious burnings of property such as crops, timber, fences, signs, and merchandise stored outside structures are included in this category.

Incidents in which persons are killed as a direct result of arson are classified as both criminal homicides and arson. Similarly, the number of persons severely injured during the commission of arson must be reported as aggravated assaults along with the arson.

12. HATE CRIMES: In general, “hate” or “bias” crime is often defined as unlawful actions designed to frighten or harm an individual because of his/her race, gender, religion, disability, ethnicity, national origin, gender identity, or sexual orientation. A hate crime is classified as any occurrence of criminal homicide, sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, larceny-theft, simple assault, intimidation, destruction/damage/vandalism of property, and any other crime involving bodily injury reported to local law enforcement agencies or a campus security authority, that manifest evidence that the victim was intentionally selected because of the perpetrator’s bias.

An important distinction is required when reporting a hate crime. The mere fact that an offender is biased against a victim’s race, religion, gender, disability, ethnicity, national origin, or sexual orientation is not sufficient to deem the offense a hate crime. Rather, it must be determined that the offender’s criminal act was motivated, in whole or in part, by the offender’s bias.

13. DOMESTIC VIOLENCE: means “a felony or misdemeanor crime of violence committed by

- a current or former spouse or intimate partner of the victim,
- a person with whom the victim shares a child in common,

- a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner,
- a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction receiving grant monies [Under VAWA], or
- any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction."

14. DATING VIOLENCE: means "violence committed by a person

- who is or has been in a social relationship of a romantic or intimate nature with the victim; and
- where the existence of such a relationship shall be determined based on a consideration of the following factors:
 - the length of the relationship;
 - the type of relationship; and
 - the frequency of interaction between the persons involved in the relationship."

15. STALKING: means, "engaging in a course of conduct directed at a specific person that would cause a reasonable person to

- fear for his or her safety or the safety of others; or
- suffer substantial emotional distress."

DISCIPLINARY REFERRALS

The following are the FBI Uniform Crime Report's definition of crime for which arrests and disciplinary referrals must be reported:

LIQUOR LAW VIOLATIONS: Violations of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession or use of alcoholic beverages (does not include arrests for driving while impaired or under the influence of alcohol).

The campus will report the following in its annual statistics:

1. The number of campus violations
2. The type of sanction for violations
3. The number of arrests
4. The number of fatalities

DRUG LAW VIOLATIONS: Violations of state and local laws, specifically those for the unlawful possession, sale, use, growing, manufacturing and making of narcotic drugs.

The campus will report the following in its annual statistics:

1. The number of campus violations
2. The type of sanction for violations
3. The number of arrests
4. The number of fatalities

WEAPONS POSSESSION: Defined as a violation of law or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, concealment or use of firearms. Cutting instruments, explosives, incendiary devices or other deadly weapons are included in this category. If a weapon is utilized during any of the categories above, a separate weapon violation will be recorded in the campus statistics.

SANCTIONS ASSOCIATED WITH CONTROLLED SUBSTANCE FEDERAL SANCTIONS

SEX OFFENDERS

The Campus Sex Crimes Prevention Act requires schools to disclose to its students the location of sex offender registries and the campus community where state law enforcement agency information concerning registered sex offenders may be obtained. The act also requires registered sex offenders to provide a notice of any campus of higher education in which the offender is employed, carries on a vocation, or is a student to state officials.

Students who are subject to an involuntary civil commitment, after completing a period of incarceration for a forcible or non-forcible sexual offense, are ineligible to receive a Federal Pell Grant. Any member of the campus community who wishes to obtain further information regarding sexual offenders in the area may refer to <https://www.nsopw.gov> for the national registry or reference the state specific sites:

SEX OFFENSES

In order to prevent the occurrence of rape, acquaintance rape, domestic violence, dating violence, sexual assault and stalking, STVT-AAI Education Inc.'s policy includes the following:

- In conjunction with the campus security in-services, the campus will address awareness and prevention of rape, domestic violence, dating violence, sexual assault and stalking. These in-service programs may be conducted by local law enforcement officials or other qualified individuals. Current faculty, employees, and students can find the program notification bulletins in common areas at the campus.
- If domestic violence, dating violence, sexual assault or stalking has occurred, the victim should immediately notify the campus authorities and local police. All evidence is to remain intact and preserved for local law enforcement to identify. To preserve evidence, you should not bathe, change clothes or clean up prior to receiving medical assistance.
- Students have the option to report rape, domestic violence, dating violence, sexual assault and stalking to the proper law enforcement authorities. The campus staff will assist the student in reporting these offenses at the student's request.
- The campus will assist students with on- and off-campus counseling, mental health services, and other student services for victims of domestic violence, dating violence, sexual assault and stalking upon request by the student. Information is available from the Campus Executive Director.
- Upon request by a victim of domestic violence, dating violence, sexual assault, or stalking, the campus will change that victim's academic schedule if the change is reasonably available. The campus does not offer on-campus housing but will assist students with locating housing options if a change of address is requested.
- An official who receives annually training on domestic violence, dating violence, sexual assault or stalking will conduct an objective investigation with consideration to each person's desire for privacy; however, the school cannot guarantee an employee or student complete confidentiality and/or anonymity during an investigation.
- The victim or accused can appeal a decision reached during the proceedings, other than referral to legal authorities, using the school's Grievance Resolution policy also found in the school catalog.

The campus has also adopted a Procedure for Processing Complaints of Unlawful Discrimination (the "Non- Harassment Policy") which the procedure applies in the event of an accusation of domestic violence, dating violence, sexual assault, or stalking. Refer to the campus catalog for further information.

DISCIPLINARY PROCEEDINGS

For disciplinary hearings in cases of alleged sexual assault or sexual offenses, the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary proceeding; and both the accuser and the accused must be simultaneously informed of the outcome of any institutional disciplinary proceeding brought alleging a sex offense.

As a result of disciplinary proceeding where a final determination is made regarding rape, acquaintance rape, or other forcible or non-forcible sex offenses, the school may impose sanctions as listed in the student code of conduct section of the catalog, which includes dismissal from the program/institution.

The Higher Education Opportunity Act (HEOA) requires schools to disclose, upon written request, to the alleged victim of a crime of violence or a non-forcible sex offense, the results of any disciplinary hearing (related to the alleged offense) conducted by the campus against the student who is the

alleged perpetrator of the alleged crime or offense. If the alleged victim is deceased as a result of the alleged crime or offense, the campus must provide the results of the disciplinary hearing to the victim's next of kin, if so requested.

ALCOHOL & DRUG POLICY

The goal of the Drug and Alcohol Abuse Prevention Policy is to ensure a drug-free campus and workplace in which students and employees feel supported and encouraged through engagement, education, and positive leadership.

The campus and associated campus areas are designated as "Drug-Free". The possession, sale or the furnishing of alcohol or illegal drugs of any kind on campus is governed by the Student Conduct found in the catalog. The Student Conduct states, "Students will not bring alcohol or illegal drugs of any kind onto school premises, or be under the influence of alcohol or illegal drugs while on school premises". The National Minimum Drinking Age Act of 1984 required all states to raise their minimum purchase and public possession of alcohol to age 21.

Students will be held accountable to the standards listed in the student Code of Conduct section of the catalog. A student committing this type of violation is subject to disciplinary action up to, and including, dismissal from school, criminal prosecution, fine and/or imprisonment. The possession, sale, manufacture or distribution of any controlled substance is illegal under both state and federal laws.

In conjunction with the campus security in-services, the campus will address the Drug & Alcohol Prevention program that was implemented to determine the following:

1. The number of drug and alcohol-related violations and fatalities that occur on the campus or as part of any of the campus activities must be reported to campus officials, and
2. The number and type of sanctions that are imposed by the campus as a result of drug and alcohol-related violations and fatalities on the campus or as part of any of the campus activities.

Note: Additional information is available within the [Employee Handbook](#).

The campus must provide a timely notice to each student who has lost eligibility for any grant, loan, or work-study assistance as a result of penalties in a separate clean, and conspicuous written notice that notifies the student of the loss of eligibility and advises the student of the ways in which to regain eligibility. If the student successfully passes two unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established by the Secretary, s/he may be eligible to regain eligibility of Federal funds.

DESCRIPTION OF HEALTH RISKS ASSOCIATED WITH ALCOHOL

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood, the driver will be involved in an accident. Low-to-moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse.

Moderate-to-high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk of becoming alcoholics than other youngsters.
